

# Dry Bath

DBE100

## Features

DBE100 is a most reliable and the economical choice for microprocessor-controlled digital dry bath

- Fast heating speed, precise temperature, stable without noise
- Temperature deviation calibration and automatic fault detection with buzzer alarm
- Over-temperature protection device, safe and reliable
- Compact structure and transparent cover, small and convenient
- Serious round heating blocks, easy to clean and replaceable

## Specifications

Temperature Range	Ambient +5° ~ 100°C
Temp. Control Accuracy	±0.3°C
Temp. Display Accuracy	0.1°C
Heating Time	≤15min (20°C ~ 100°C)
Timer	0 ~ 99h59m
Power	150W
Voltage	AC100~120V/AC200~240V; 50~60Hz
Weight	1.5kg
Dimension (mm)	160(W) x 176(D) x 121(H)

### Accessories

	DBE100/C1	Block-C1	96 x 0.2ml
	DBE100/C2	Block-C1	59 x 0.5ml
	DBE100/C3	Block-C1	39 x 1.5ml
	DBE100/C4	Block-C1	39 x 2ml
	DBE100/C5	Block-C1	18 x 5ml
	DBE100/C6	Block-C1	24 x 0.5ml + 30 x 1.5ml
