

Multi Position Magnetic Stirrer

MMS08

Features

MMS08 is a high throughput multi position magnetic stirrer, can run 1 ~ 8 samples at a time

- LCD display, beautiful appearance
- DC brushless motor, maintenance free
- DC brushless motor drive to effectively reduce the speed noise
- Operates synchronously to provide the same reaction conditions
- Stainless steel silicone coated film surface, non-slip and corrosion resistant

Specifications

Speed	20 ~ 1200rpm
Position	8
Sample Capacity	8 x 400ml
Timer	1min ~ 99hrs59sec
Max. Length of Stirrer	46mm
Power	10W
Voltage	AC100~120V / AC200~240V; 50~60Hz
Dimension (mm)	205(W) x 480(D) x 50(H)
