

# Micro-Plate Thermo Shaker

MPTS2

## Features

MPTS2 is used for mixing and/or incubating the cell or enzymatic assay plates at appropriate temperature

- Micro-processing technology combined with PID
- LCD display; temperature, time and speed display
- Oscillate the samples and easy to operate
- Up and down, both side heating
- Stable and reliable operation
- Small, light and light noise
- Alarm indication after stop operating
- Multiple safety protection, complying with CE, safe and convenient

## Specifications

Temp. Range	Ambient+5 ~ 80°C
Temp. Control Discrepancy	±0.3°C
Temp. Homogeneity	±0.3°C
Temp. Ascending Time	<15min (20° ~ 80°C)
Speed	200 ~ 1500rpm
Amplitude	2mm
Timer	0 ~ 99h59m
Capacity	2 micro-plates
Power	150W
Voltage	AC100~120V / AC200~240V; 50~60Hz
Weight	6.2Kg
Dimension (mm)	410(W) x 410(D) x 255(H)
