

PCR Strip

(0.1ml in Natural Color with Optical Flat Cap)

(DNase, RNase, DNA and Pyrogen Free)

PCR-S0108CF-S

Features

PCR-S0108CF-S are 0.1ml PCR Strips (8-tubes/strip) in natural color with optical flat cap strip for qPCR & PCR application

- Evaporation-resistant, easy-to-open-and-close lids that prevent sample loss
- Uniform wells ensure optimal heat transfer and reaction efficiency
- Efficient thermal transfer and maximum yield
- Made from exclusive polypropylene
- Free of DNase, RNase, DNA and Pyrogen
