

## PCR Strip

(0.1ml in White Color with Optical Flat Cap)

(DNase, RNase, DNA and Pyrogen Free)

PCR-S0108WF-S

### Features

PCR-S0108WF-S are 0.1ml PCR Strips (8-tubes/strip) in white color with optical flat cap strip for qPCR & PCR application

- Evaporation-resistant, easy-to-open-and-close lids that prevent sample loss
- Uniform wells ensure optimal heat transfer and reaction efficiency
- Efficient thermal transfer and maximum yield
- Made from exclusive polypropylene
- Free of DNase, RNase, DNA and Pyrogen
