

PCR Strip (0.2ml with Dome Cap)

(DNase, RNase, DNA and Pyrogen Free)

PCR-S0208D-S

Features

PCR-S0208D-S are 0.2ml PCR Strips (8-tubes/strip) with dome cap strip in natural color for PCR application

- Evaporation-resistant, easy-to-open-and-close lids that prevent sample loss
- Uniform wells ensure optimal heat transfer and reaction efficiency
- Efficient thermal transfer and maximum yield
- Made from exclusive polypropylene
- Free of DNase, RNase, DNA and Pyrogen
