

PCR Tube (0.2ml with Optical Flat Cap)

(DNase, RNase, DNA and Pyrogen Free)

PCR-T02F-S

Features

PCR-T02F-S are 0.2ml PCR Tubes with optical flat cap in natural color for PCR & qPCR application

- Optical flat cap creates the perfect environment for consistent & reliable performance
- Evaporation-resistant, easy-to-open-and-close lids that prevent sample loss
- Uniform wells ensure optimal heat transfer and reaction efficiency
- Efficient thermal transfer and maximum yield
- Made from exclusive polypropylene
- Free of DNase, RNase, DNA and Pyrogen

Ordering Details

PCR-T02F-S	0.2ml PCR Tubes - Optical Flat Cap (1000tubes/pack)	10 Packs/Case
