

Reciprocating Shaker

RPS80D

Features

RPS80D is a heavy duty, digital reciprocating shakers and it can load the large volumes

- DC brushless motor
- Light weight; simple and convenient
- Low energy consumption and low noise
- Suitable for use in incubators & freezers
- Universal spring tray; equipped with non-slip rubber mat

Specifications

Speed	0 ~ 200rpm
Operation Mode	20mm
Tray Size (mm)	380 x 240
Timer	0 ~ 990min
Power	20W
Voltage	AC110~240V; 50~60Hz
Weight	5Kg
Dimension (mm)	260(W) x 280(D) x 140(H)
